- HINDI

## OBJECTIVE

To enhance my professional skills, capabilities and knowledge in an organization which recognizes the value of hard work and trusts me with responsibilities and challenges.

## PROJECTS

### Online Store Plugin

#### HIND PLOTTING PROTECTION PLUGIN

Developed a web application using Django, Python 3.8, CSS, and JavaScript, with MySQL as the backend, hosted on WSGI. Implemented a Fraud Detection System to prevent fraudulent transactions, focusing on user registration data and transaction limits. Managed four modules—Admin, User, Bank, and Fraud Detection—for a secure credit card transaction environment..

### Social Media

#### EchelonConnect

EchelonConnect is a groundbreaking social media platform, redefining the way users connect, share, and engage within a digital community.

This dynamic online hub offers a comprehensive range of features, empowering both administrators and users with a seamless and immersive social media experience. At its core, EchelonConnect fosters a vibrant ecosystem where individuals can connect, communicate, and collaborate with unparalleled ease and innovation
